The purpose of the notification is to provide the NOK with accurate and timely information which may reduce the shock of learning about the incident through the news media or other sources. Coordination of the notification should be completed with the command public affairs officer. Notification to the NOK should be made by a senior member of the Soldier's chain of command no lower than the first field grade officer.

(6) Informs higher headquarters that the notification has been made and provides the following information:

- (a) Date and time of notification.
- (b) Notification means (for example, telegram or telephone).
- (c) Name and duty position of the notifying officer.
- (d) Explanation of information provided to the NOK and their response.

c. The MACOM commander—

(1) Notifies the Army Operations Center by the most expeditious means possible. The notification information includes the following:

3-5. Absent without leave after return to military control

Soldiers absent from a unit and returned to military control at another unit are attached to the unit where they returned for properly classifying the absence. If the attaching unit commander finds that the absentee was AWOL or DFR from another unit and the Soldier departs from the unit of attachment, the Commander—

a. Assigns the Soldier to the unit of attachment effective the date of attachment and completes coordination with the installation deserter control officer.

b. Drops the absentee from the rolls of the unit of attachment effective the date of the absence.

c. Documents the return to military control, assignment, and DFR using DD Form 553, DD Form 616, and DA Form 4187.

d. Prepares DD Form 458.

e. Sends the documents in c and d, above to Commander, Personnel Control Facility, Deserter Information Point, ATTN: ATZK-PMF-DIP, Fort Knox, Kentucky 40121 within 48 hours of the absence.

f. Provides a copy of the DD Form 4187 to the commander of the unit from which the Soldier was originally AWOL.

g. Obtains personnel records for deserters DFR less than 30 days from a prior unit of assignment and sends it with the DFR packet to Commander, Personnel Control Facility, Fort Knox, Kentucky.

3-6. Verification

The reporting and processing of deserters consists of the following:

a. Verifying reports of desertion.

b. Coordinating deserters return to military control.

c. Maintaining a central deserter data base.

d. Checking other Army automated personnel files to prevent mistaken reports of desertion.

e. Providing U.S. Department of State, Deputy Assistant Secretary for Passport Services, ATTN: PPT-PAS-LA, McPherson Building, 2201 C Street, NW, Washington, DC 20524, with verified desertion reports on all U.S. citizens

f. Informing U.S. Department of State, Deputy Assistant Secretary for VISA Services, ATTN: CA-VO, Columbia Plaza Office Building, 2401 E Street, NW, Washington, DC 20520, of U.S. Army alien deserters who are—

- (1) Known or suspected to have entered a foreign country.
- (2) Returned to military control.
- (3) Discharged in absentia.

g. Providing a copy of the DD Form 214 (Certificate of Release or Discharge From Active Duty) to the U.S. Department of State, VISA Services, for deserters discharged in absentia.

Chapter 4

Return to Military Control

4-1. Overview

a. Absentees and deserters are returned to military control when they—

- (1) Surrender to military authorities.
- (2) Are delivered to military authorities.
- (3) Are detained by civilian law enforcement authorities and a military detainer has been placed against the individual.
- (4) Are receiving treatment in civilian medical facilities but cannot be immediately transferred to a military facility.
- (5) Have entered another United States armed service.

b. Absentees in civilian custody or being treated in a civilian hospital should be returned to the Army as soon as possible. Every attempt should be made to transport absentees to a military facility within 48 hours of being notified of their location.

c. This chapter provides guidance for unreported AWOL or deserter personnel.

d. The prevention of absenteeism is of the utmost importance. Unit commanders interview returnees to find the reasons for the absence and help solve personal problems. This must be done consistent with Article 31, UCMJ. These interviews may help identify trends in absenteeism and serve as a framework for command programs to reduce absenteeism.

e. Installation commanders are responsible for the return of absentees to military control within their area of responsibility. (See AR 190-40, table 1-1.)

4-2. Processing absent without leave

a. Soldiers who RMC at their installation of assignment are sent to the unit from which they were AWOL. They may be assigned to another unit on the installation if the unit from which they were AWOL has been—

- (1) Inactivated.
- (2) Reduced to zero strength.
- (3) Returned to State control (Army National Guard (ARNG) units).
- (4) Returned to Army Reserve status.

b. Soldiers who are being processed for discharge under AR 635-200 may be separated without physically returning to military control in one or more of the following circumstances:

- (1) When AWOL after receiving notice of separation processing.
- (2) When prosecution appears to be barred by the statute of limitations, Article 43, UCMJ.
- (3) When an alien is AWOL and appears to have gone to a foreign country where the United States has no authority under treaty or other agreement to apprehend the absentee.

c. Personnel returned to military control at an installation other than the one to which they are assigned are attached to a unit on the installation for the purpose of classifying the absence. After completing the classification action, the Soldier is returned to their permanent unit of assignment.

d. Personnel from continental United States (CONUS) installations who RMC in an OCONUS command are returned to their CONUS installation. The following exceptions apply:

- (1) The returnee is physically or mentally unfit for further military service.
- (2) The returnee's separation has been directed or is required by applicable personnel management regulations.
- (3) The returnee is to be tried for a serious offense, other than the current AWOL, and testimony of a witness living in the area where the individual returned is required.

e. Absentees who cannot be returned to their unit of assignment are reported to CG, Human Resources Command (HRC).

f. When 4-2*d* and 4-2*e* above, apply, the returnee is attached to a unit by the installation commander, pending

assignment instructions from CG, Human Resources Command; CG, HRC–St. Louis; or Chief, National Guard Bureau (NGB), as appropriate.

4–3. Returning absentees

- a.* The commander of the parent unit assisted by the installation Deserter Control Officer manages the case when—
 - (1) Absentees RMC at an activity other than their parent unit and are ordered to return to their parent unit.
 - (2) Absentees return to the parent unit.
- b.* Other commanders who receive temporary control of DFR'd Soldiers must expeditiously notify the parent unit commander and installation Deserter Control Officer and send the current version of DA Form 4187 documenting the Soldier's return to military control. When return of the Soldier to the parent unit commander is not possible (for example the parent unit inactivated after the Soldier was DFR), the general court–martial convening authority who receives temporary control of the DFR Soldier completes a "return from DFR" transaction and assess the Soldier back into the Army and requests assignment instructions from the U.S. Army Human Resources Command to an appropriate installation unit for disposition.
- c.* The parent installation commander manages the case when an absentee is confined or committed to a civilian facility.
- d.* When an AWOL Soldier is reassigned, but has not properly cleared the installation, the losing unit commander will submit an eMILPO transaction. The gaining unit commander will submit an eMILPO arrival transaction. If the Soldier departs the losing unit, and then deserts before reporting to the gaining unit, the losing unit will submit a Departure transaction. The gaining command will submit an eMILPO transaction.
- e.* Absentees who RMC within the U.S. Army Military District of Washington (MDW) are processed at the MDW installation where they return in the same manner as deserters from other Army installations in accordance with this regulation.
- f.* When absentees and deserters in foreign countries are scheduled to depart or are to be deported from foreign countries, the authority transferring the Soldier to United States control will—
 - (1) Notify the Chief, Deserter Information Point, and Chief, Operations Division, Office of the Provost Marshal General and, if known, the appropriate MACOM Commander, ATTN: Provost Marshal and G2.
 - (2) Provide notification far enough in advance for coordination of military police, military personnel, and military intelligence actions. The notice includes—
 - (*a.*) The name, grade, and social security number of the individual.
 - (*b.*) The date, local time, and place of departure from the foreign country.
 - (*c.*) Mode of transportation and designation of the carrier.
 - (*d.*) Date, time, and place of arrival in CONUS or where U.S. authorities have jurisdiction to apprehend the individual.
 - (*e.*) Unit to which the individual is or was last assigned.
 - (*f.*) Length of time in foreign country.
 - (*g.*) Physical, mental condition, and attitude of the absentee.
 - (*h.*) Military and civilian charges, if any.
 - (*i.*) Information indicating the individual was in contact with, or attempted to contact intelligence agents of a foreign power, publicly disclosed classified information, made statements supporting overthrow of the U.S. Government, or encouraged Soldiers to defect or desert and other information of intelligence interest.
 - (*j.*) Other information that assists in processing the individual's case under the UCMJ.

4–4. Classification procedures

- a.* When a Soldier returns from an absence that is or appears to be unauthorized, the unit commander informally investigates the case and decides whether disciplinary action should be taken and if the Soldier should be charged with time lost.
- b.* A Soldier's absence may be classified as unauthorized or authorized. Unauthorized absences are considered AWOL, unless excused. If not excused, the unauthorized absence is treated as time lost. Time lost to be made good may be waived as outlined in AR 635–200, paragraph 1–23.
- c.* Classification of an absence is dependent on such factors as the following:
 - (1) Orders and instructions, written and oral, the Soldier received before and during the absence.
 - (2) Age, military experience, and general intelligence of the Soldier.
 - (3) Number and type of contact the Soldier had with the military while absent.
 - (4) Complete or incomplete results of a court–martial decision, if any.
- d.* An absence immediately following an authorized leave is classified as AWOL. Should the absence subsequently be reclassified, the Soldier's leave is corrected to reflect the reclassified absence, except if caused by—
 - (1) Mental incapacity.
 - (2) Detention by civilian authorities.

- (3) Early departure of a mobile unit due to operational commitments.
- e. An absence that is to be charged as leave must be approved by the leave approving authority at the request of the Soldier.
- f. An absence classified as authorized or reclassified as unavoidable is considered duty time even if the individual was absent from Army control.
- g. When a Soldier is acquitted by a court-martial for an unauthorized absence or the reviewing authority disapproves a conviction for AWOL, the appropriate commander may charge the Soldier with time lost. The acquittal or disapproved conviction affects only the disciplinary aspects of the absence.

4-5. Corrections

- a. Personnel records are processed in the following manner:
- (1) All excused unauthorized absence or errors in the Soldier's personnel record are neatly lined through, initialed, and dated by the custodian of the military records.
- (2) A written statement by the appropriate commander excusing the unauthorized absence is filed in the Soldier's personnel records as a permanent document. A copy of the statement is sent to Commander, Fort Knox Personnel Control Facility, Deserter Information Point, for inclusion in the Soldier's official military personnel file (OMPF).
- b. A DA Form 4187 is prepared showing AWOL or DFR status, as appropriate.
- c. Correct eMILPO transitions are prepared per eMILPO Functional Guidance found online at <https://www.hrc.army.mil>.
- d. A corrected DA Form 31 (Request and Authority for Leave), is prepared and processed for excused unauthorized absences.

4-6. Deserters

- a. The OCONUS commander is responsible for reporting the deserter who is in transit or deserts from an OCONUS unit as provided in paragraph 2-3 and chapter 3 of this regulation.
- (1) When an in transit (on permanent change of station) OCONUS deserter physically surrenders at an Army installation or is reported to an Army installation, the former deserter will be returned to the CONUS installation to which they were last assigned.
- (2) An OCONUS deserter who is not in transit and returns to military control in CONUS will be sent to a personnel control facility for processing. The USADIP will be telephonically contacted to identify the installation to which the OCONUS deserter will be sent. This will assist in ensuring immediate accountability of the former deserter and a record of their return is initiated.
- b. In the disposition of cases of AWOL and desertion, commanders at all levels should consider the full range of disposition options and factors detailed in RMC 306 of the Manual for Courts-Martial (MCM).
- c. Former deserters may be attached to the installation or facility to which they RMC for resolution of administrative, legal, financial, or medical issues. The effective date of the attachment and RMC dates are the date the Soldier is located and brought under military control or custody. The installation where the Soldier is attached will immediately complete the return from DFR to duty eMILPO transaction to ensure the Soldier's return is documented on the eMILPO database. A copy of the attachment orders is sent with a copy of the current version of DA Form 4187 to Chief, USADIP, who will provide a copy of the attachment orders to the parent installation Deserter Control Officer. Soldiers not requiring special assistance or escort to return to their parent unit will be issued DD Form 460 (Provisional Pass) by the Provost Marshal office where the soldier returned to military control. The Soldier will be ordered to return to their parent installation and unit. The Deserter Control Officer at the parent installation will ensure that escorts are provided for DFR personnel who are—
- (1) Pending court-martial on serious charges other than the current unauthorized absence.
- (2) Pending investigation of serious charges at the time of being DFR.
- (3) Completing correctional activity.
- (4) Confining or escaping from confinement at the United States Disciplinary Barracks.
- (5) Presenting to be a flight risk or otherwise require an escort. Examples of Soldiers who require an escort are Soldiers who verbally state they will not comply with the assignment order and Soldiers in the custody of a civilian law enforcement agency that refuses to release the absentee until the Army accepts physical custody. Escorts from the parent unit should be used when possible. Escorts are not required to be law enforcement personnel. Contract security guards will not be used for any AWOL or deserter apprehension efforts.
- d. Former deserters will be assigned to another unit on the installation of their parent unit has deployed or is no longer an active unit at the installation. Deserters who return to military control who were in initial entry training status at the time of their desertion will be sent to a personnel control facility for assessment back into the Army. Army national guard and Reserve personnel who were ordered to active duty will be dropped from the rolls as deserters and will proceed to a personnel control facility and be accessed back into the Army.
- e. The CONUS deserters on PCS will be sent to the installation where they were last assigned. They will not

proceed on their PCS assignment instructions. Other CONUS deserters who RMC will be returned to the unit that reported their absence (parent unit).

4-7. Procedure for returns to military control

The following documents are used to return personnel to military control:

a. DA Form 201 (Military Personnel Records Jacket, U.S. Army) is requested from Commander, Personnel Control Facility, Deserter Information Point, Fort Knox, Kentucky. If personnel are to be retained in the Army, the installation finance officer requests the personal financial record (PFR).

b. The DA Form 4187 is prepared by the commander managing the case and a copy is sent to Commander, U.S. Army Enlisted Records and Evaluation Center (USAEREC). A copy is also sent to the servicing PSC.

c. The DD Form 616 is prepared by the provost marshal and sent to the Chief, USADIP.

4-8. Deserters restored to duty

If a deserter is qualified for retention in the Active Army, the commander managing the case requests assignment instructions from the following agencies:

a. For officers, Commander, Human Resources Command (AHRC-OP) (proper career management division), Alexandria, VA 22332-0400. Army Medical Department Officers are reported to Commander, Human Resources Command (AHRC-OPH), 200 Stovall Street, Alexandria, VA 22332. Judge Advocate General's Corps (JAGC) officers are reported to HQDA (DAJA-PT) Washington, DC 20310-2206. Chaplain officers are reported to HQDA (DACH-PEP) Washington, DC 20310-2700. All requests must include the following information:

(1) The officer's name, grade, and social security number.

(2) Dates of absence.

(2) Dates of absence.

(3) Unit from which the individual was DFR.

(4) Brief summary of disciplinary or administrative action.

4-9. Personnel not previously reported

When personnel returned to military control were not properly reported AWOL or DFR, the commander managing the case—

a. Prepares DA Form 4187 and applicable eMILPO transactions to document and report the absence and return.

b. Does not report personnel DFR as long as they are under military control.

4-10. Mistakenly reported

a. All cases in which a Soldier was mistakenly DFR of a unit must be corrected.

b. The unit commander responsible for the erroneous report completes DD Form 616. The DD Form 616 must show—

(1) The unit that incorrectly dropped the Soldier from the rolls.

(2) The inclusive dates of the erroneous absence.

(3) An explanation for the wrong report.

c. The DD Form 616 is submitted by the unit commander to the provost marshal. The provost marshal notifies the Chief, USADIP.

d. A letter of apology is sent by the responsible commander to the individual's NOK if they had been incorrectly notified that the Soldier was AWOL or DFR.

4-11. Absentees entering another U.S. armed service

a. Any commander receiving information that an Army absentee or deserter has entered another U.S. armed service reports all details to Commander, Personnel Control Facility, Deserter Information Point, Fort Knox, Kentucky.

b. The Chief, USADIP confirms the status of the absentee and coordinates with the other Service to determine which service will take jurisdiction.

c. If the other Service processes the case, an Army unit commander appointed by Commander, Personnel Control Facility begins discharge proceedings.

d. If the Army administers the case, the Commander, Personnel Control Facility, Deserter Information Point, takes action per this regulation.

4-12. Deserters charged or convicted of a civilian offense or restricted by court order

a. When a deserter is in civilian custody, the nearest installation Provost Marshal and Deserter Control Officer are notified. The provost marshal and Deserter Control Officer—

- (1) Verifies the individual's status with Chief, USADIP.
- (2) Places a detainer against the Soldier with the civilian authorities.
- (3) Notifies parent unit commander of Soldier's status.

b. If a deserter is restricted by court authority from leaving the area due to civilian court or criminal proceeding, the nearest installation provost marshal informs the parent installation Provost Marshal and Deserter Control Officer of the Soldier's status.

c. The commander of the parent unit does a return to military control, return from DFR, and the applicable duty status input through eMILPO in accordance with AR 600-8-6.

Chapter 5

Army National Guard of the United States and United States Army Reserve

5-1. Scope

a. This chapter prescribes identification, reporting and processing procedures when an ARNGUS or USAR officer, warrant officer, or enlisted Soldier—

- (1) Fails to report when voluntarily ordered to active duty (AD) or active duty for training (ADT).
- (2) Fails to report when mandatorily called or ordered to AD or ADT in compliance with a contractual agreement or by operation of law.
- (3) Is AWOL from the duty station to which assigned or attached while serving on AD or ADT.

b. An ARNGUS or USAR Soldier is ordered to AD or ADT status as a result of a voluntary request, in accordance with a contractual agreement, or by operation of law in time of war or national emergency.

- (1) A Soldier may be ordered to AD—
 - (a)* For a voluntary tour of duty in the Active Army. This may be a voluntary tour of duty according to AR 135-210, or it may be as a result of a call or order to AD under a contractual agreement or provision of law.
 - (b)* To serve on a temporary tour of active duty (TTAD) according to AR 135-210.
 - (c)* For service in an Active Guard Reserve (AGR) status according to AR 135-18.
- (2) As prescribed by AR 135-200, a Soldier may be ordered to—
 - (a)* Initial active duty for training (IADT) to complete basic training or the officer basic course (OBC).
 - (b)* ADT to acquire or maintain essential proficiency in his or her military occupational specialty or area of concentration.
 - (c)* Annual training (AT) with their unit of assignment or on an individual basis.
 - (d)* A tour of active duty for special work (ADSW).

5-2. Entry on initial active duty for training

a. The procedures in this paragraph apply when an enlisted Soldier ordered to enter on IADT refuses or fails to comply with the order. It is applicable to Soldiers who enlisted for the standard training option or for the alternate (split-training) option. This paragraph is not applicable to an officer scheduled to enter on IADT to complete the OBC (see para 5-5a(2)(b)).

b. If an extenuating circumstance did not exist and the Soldier refuses to comply with the IADT order, the guidance counselor cancels the training reservation. The appropriate separation authority processes the ARNGUS Soldier for discharge from the ARNGUS and as a USAR. The USAR Soldier is processed for discharge under the entry level performance and conduct provision, AR 135-178, chapter 14.

(1) The MEPS guidance counselor notifies the commander of the Soldier's ARNGUS or USAR unit of assignment. The commander conducts an investigation to determine the Soldier's whereabouts and the reason for noncompliance with the IADT order.

(2) The unit commander establishes whether extenuating circumstances (for example, sickness, injury, hospitalization, or a death in the Soldier's family) prevented the Soldier from reporting to the MEPS. The commander notifies the guidance counselor of the results of the investigation with the final determination.

(a) If such circumstances existed and the Soldier will report for entry on IADT, the guidance counselor cancels the training reservation. A new date for entry on IADT is coordinated with the unit commander and the individual. The commander notifies the MEPS in writing that an amendment of the IADT order is required.

(b) On the failure of a Soldier to report to the MEPS on the date scheduled for entry on IADT for Phase II of the alternate (split-training) program, the procedures described in *b*(1) and (2), above, are followed.

(c) If circumstances are determined to have prevented the individual from reporting for Phase II training, and the Soldier will report for entry on IADT for Phase II, the guidance counselor cancels the training reservation. A new date for entry on IADT for Phase II is coordinated by the guidance counselor with the unit commander and the Soldier. Written notification is made to the MEPS by the unit commander that an amendment to the IADT order is required. Delays in reporting for entry on Phase II are governed by the provisions of AR 601-25.

(d) If extenuating circumstances did not exist and the Soldier refuses to report for entry on IADT for Phase II, the guidance counselor cancels the training reservation. The appropriate separation authority processes the Soldier for discharge in an entry level status according to AR 135-178, chapter 5.

5-3. Voluntarily ordered to active duty or active duty training

a. The procedures in this paragraph apply when a Soldier—

- (1) Requests AD or TTAD according to AR 135-210.
- (2) Requests ADSW or ADT according to AR 135-200.
- (3) Receives orders and fails to report to the reception station, activity, or command cited in the orders.

b. On the first day following the Soldier's reporting date, the reception station, activity, or command to which the

Soldier was scheduled to report, notifies the appropriate Reserve Component commander that the Soldier has not reported as ordered.

c. The USAR Component commander directs that an investigation be conducted to determine the Soldier's whereabouts and the reason for failure to report. At a minimum, the investigation includes contacts with the ARNGUS or USAR unit commanders, MEPS, local recruiters, and the Soldier. Based on the results of the investigation, the USAR Component commander directs one of the following actions:

- (1) Compliance with the orders as published, if feasible, and provided the Soldier can and agrees to comply.
- (2) Amendment of the orders where necessary to correct the records and permit the Soldier to voluntarily comply with the orders.
- (3) Revocation of the orders and restoration of the Soldier to the status and assignment held at the time the orders were issued.

d. Within 14 days following receipt of the notification in *b*, above, the USAR Component commander, notifies the reception station, activity, or command of the results of the investigation and the action to be taken.

5-4. Failure to attend or complete annual training

A Soldier is an unsatisfactory participant if without proper authority he or she fails to attend or complete the entire period of AT. In such a case, refer to the prescribing directive AR 135-91, chapter 4, section III.

5-5. Mandatorily ordered to active duty or active duty training

a. The procedures in this paragraph apply when a Soldier has been called or ordered to AD or ADT in compliance with a contractual agreement or by operation of law and fails to report. This paragraph does not apply to entry or IADT or AT Soldiers. Calls or order to AD or ADT may include, but are not limited to the following:

- (1) The Soldier is called or ordered to AD and assessed into the Active Army based on—
 - (a) Appointment as a USAR officer and selection for AD on graduation from the Reserve Officers' Training Corps (ROTC) according to AR 145-1.
 - (b) Separation from the United States Military Academy, transfer to the USAR, and order to AD in enlisted status according to AR 612-205.
 - (c) Enlistment in the USAR for entry on AD according to Title 10, United States Code, Section 12103.
 - (d) Ordered to AD in time of war or national emergency according to Title 10, United States Code, Sections 12301 and 12302, Title 10, United States Code, or for a Presidential Selected Reserve Call-up according to Title 10, United States Code, Section 12304.

(e) Order to AD for proceedings under the UCMJ according to Title 10, United States Code, Section 802.

(2) The Soldier not being accessioned into the Active Army and ordered to ADT—

(a) For not more than 45 days having failed to perform satisfactorily (10 USC 10148).

(b) To complete the OBC according to AR 135-91.

b. The policy and procedures governing AWOL and desertion described in other chapters of this regulation apply when an ARNGUS or USAR Soldier is called or ordered to AD in the Active Army under *a* above, but without proper authority, fails to report as ordered.

c. A Soldier ordered to ADT under *a*, above, and without proper authority fails to report is processed as follows:

(1) Within 24 hours following the Soldier's reporting date, the Active Army commander of the activity where the Soldier was directed to report, informs the ARNGUS or USAR liaison adviser that the Soldier failed to report.

(2) The adviser informs the appropriate USAR Component commander, who directs an investigation of the Soldier's whereabouts.

(3) The investigation includes, at a minimum, contact with ARNGUS and USAR commanders, personnel or career managers, MEPS, local recruiters, and the Soldier.

(4) The USAR Component commander informs the Active Army commander of the results of the investigation.

(5) The Active Army commander provides the area command for USAR Soldiers and the state Adjutant General for ARNGUS Soldiers Commander, U.S. Army Reserve Command, (USARC), Fort McPherson, Georgia 30330-0800 with a copy of the absent Soldier's ADT orders. When there are no cogent reasons for the Soldier's failure to report, the Active Army commander requests that the Soldier be ordered to AD in the Active Army.

(6) The request for orders include assignment instructions shows the effective date of DFR (0001 hours, the 31st consecutive day of AWOL) and lists Commander, Personnel Control Facility, Fort Knox, in the distribution section.

(7) Commander, USARC holds these documents in suspense until the 31st day of AWOL or until the Active Army provides notification that the Soldier has reported and been removed from AWOL status.

(8) If there is no cogent reason for the Soldier's absence, the Active Army commander reports the Soldier AWOL using the current version of DA Form 4187 by noting in section II that the duty status is changed from assigned-not-joined (ASNJ) to AWOL. The effective date of this change is the Soldier's original reporting date.

d. A Soldier ordered to AD as a member of a USAR or ARNGUS unit being activated, and without proper authority fails to report is processed as follows:

- (1) Soldier will be accessed onto AD on the rolls of the assigned unit, and placed in AWOL status.
- (2) Commander of assigned unit informs the Deserter Control Officer at the USAR RSC or state Adjutant General office.
- (3) USAR and ARNGUS Soldiers who are AWOL for 30 consecutive days are immediately DFR.

5-6. Absent without leave during active duty or active duty training

a. The procedures in this paragraph apply when an ARNGUS or USAR Soldier, after reporting for AD or ADT, is determined to be in an AWOL status per this regulation. This includes AD in the Active Army, IADT, ADT, ADSW, TTAD, or AD in AGR status. It does not include AT.

b. The policy and procedures governing AWOL and desertion described in all of the other chapters of this regulation apply if the ARNGUS or USAR Soldier was accessioned to the strength of the Active Army or entry on AD.

c. When an ARNGUS or USAR Soldier serving on IADT, ADT, ADSW, TTAD, or AD in AGR status is AWOL, the following procedures apply:

(1) For Soldiers with 30 days or more remaining on the AD or ADT tour orders, the commander of the organization to which the Soldier is attached or assigned for AD or ADT conducts an immediate informal investigation. If the investigation finds that the Soldier is AWOL, the commander of the organization to which the Soldier is attached or assigned for AD or ADT—

(a) Reports the Soldier AWOL to the USAR Component commander using DA Form 4187. DA Form 4187, section II shows the duty status change of “Present for Duty” to “AWOL.” The effective date is the first day of AWOL.

(b) Requests that the AWOL Soldier be ordered to AD in the Active Army.

(2) If the AWOL Soldier’s ADSW or ADT duty station was not with an Active Army organization or on an Active Army installation, the request for orders is routed through the nearest supporting Active Army installation commander. The request—

(a) Provides assignment instructions.

(b) Shows the effective date of DFR (0001 hours, the 31st consecutive day of AWOL).

(c) Lists Commander, Fort Knox Personnel Control Facility in the distribution section.

(3) The appropriate USAR Component commander determines if the Soldier’s AD or ADT orders should be revoked or if AWOL processing should take place. CG, U.S. Army Reserve Personnel Center, ATTN: DARP-AR, 9700 Page Boulevard, St. Louis, MO 63132-5200 processes reports on USAR AGR Soldiers.

(4) If AWOL processing should take place, the USAR Component commander, with the approval of the State adjutant general in the case of an ARNGUS Soldier, holds the request for orders until the 31st day of AWOL or until the commander of the organization to which the Soldier is attached or assigned for AD or ADT notifies the area commander that the Soldier has returned from AWOL.

(5) For Soldiers with less than 30 days remaining on the AD or ADT tour orders, the procedures in (1), above, apply. However, should the USAR Component commander determine that AWOL processing should take place, the agency that issued the original AD or ADT order issues an amendment and extends the Soldier past the termination date of the original order. The period of extension is for 30 days, or the length of time needed to complete the AD or ADT mission or training, whichever is greater. If the Soldier fails to return within 30 days of the first day of absence, the commander follows the procedures in paragraph 5-7. If the Soldier returns within the 30-day period and is qualified for retention in the Army, he or she remains on duty until completion of the mission or training agreement.

5-7. Dropped from rolls of an Active Army unit

a. Except as outlined in *b*, below, ARNGUS and USAR Soldiers who are AWOL for 30 consecutive days are accessed into the strength of the Active Army and immediately DFR. They may be accessed into the strength of the Active Army and immediately DFR without regard to the length of absence if the Soldier has exhibited a clear intent to remain away from his unit, organization or place of duty permanently. The following actions are taken:

(1) The commander of the organization to which the Soldier is attached or assigned for AD or ADT informs the USAR Component commander when the absentee should be DFR. In the case of an ARNGUS Soldier, Commander, USARC informs the area commander or appropriate state Adjutant General.

(2) The area Commander, USARC or state Adjutant General publishes orders, using AR 600-8-105, appendix A, paragraph 3-6, format 440, attaching the AWOL Soldier to an Active Army unit effective 0001 hours the date of DFR.

(3) The area Commander, USARC or state Adjutant General telephonically notifies the gaining Active Army unit commander of the order number and date. The verbal notification is the authority for the accession and dropping the Soldier from the rolls.

(4) A copy of the orders prepared by the area Commander, Personnel Control Facility, Fort Knox are provided to the Chief, USADIP as soon as they are published. The orders must contain the following information:

(a) In the action lead line— “By direction of the Secretary of the Army, you are relieved from attachment and assigned to (enter the Active Army unit of which the Soldier is to be assigned).”

(b) In the effective date lead line— “the date that is 0001 hours of the 31st consecutive day of AWOL.”

- (c) In the period lead line— “Until relieved from active duty by competent authority.”
- (d) In the purpose lead line— “For processing under AR 630–10.”
- (5) On receipt of the Active Army assignment orders, the appropriate State adjutant general discharges an ARNGUS Soldier from ARNGUS status.
- (6) The gaining Active Army commander—
 - (a) Requests that the PSC access the Soldier into the strength of the Active Army, effective 0001 hours of the 31st consecutive day of AWOL.
 - (b) Follows the guidance in chapter 3 of this regulation and reports the Soldier DFR using DA Form 4187 effective 0001 hours of the 31st consecutive day of AWOL.
 - (c) Ensures the deserter’s DFR packet is sent to Commander, USAEREC as soon as possible.
- b. ARNGUS and USAR Soldiers who depart AWOL after reporting to their AD or ADT duty station are not accessed into the Active Army for DFR action when the conditions below exist. In these cases, the Soldiers may be separated while in an AWOL status from their AD or ADT duty station when one or more of the following conditions exist:
 - (1) The Soldiers have been recommended for entry level status separation per AR 635–200, chapter 11.
 - (2) The Soldiers departed AWOL before completion of the separation action.
 - (3) Disciplinary action against the Soldiers is not contemplated.

5–8. Surrender and return to military control

The guidance in chapter 4 of this regulation and DA Pam 600–8, procedure 9–8*b* applies when an ARNGUS or USAR Soldier is returned to military control.

- a. An absentee who has been absent less than 30 days and is otherwise eligible for retention in the Army remains assigned to his or her ARNGUS or USAR organization. The Soldier continues to remain attached or assigned to the AD or ADT duty station until completion of the mission or training. This requirement does not stop the commander from disciplining the Soldier under the UCMJ. When the Soldier satisfactorily completes the mission or training and has been disciplined, if applicable, he or she is released from AD or ADT and returned to the ARNGUS or USAR assignment.
- b. ARNGUS and USAR deserters who RMC after having been DFR are managed as outlined in paragraph 4–3. For those Soldiers who were serving on IADT or ADT and who are not qualified in a military occupational specialty (MOS) but require further training for the award of an MOS, the following applies:
 - (1) If the Soldier is otherwise qualified for retention in the Army, the Active Army commander having control of the Soldier will request that the Commander, Human Resources Command (AHRM–EPT–I), or the respective career branch (if appropriate), provide assignment instructions for the purpose of training.
 - (2) On satisfactory completion of training and award of an MOS, the Soldier will be released from AD and the strength of the Active Army and assigned to the appropriate Individual Ready Reserve (IRR) control group.
- c. See AR 600–8–24 or AR 635–200 for retention and separation criteria on ARNGUS and USAR deserters who are RMC.

Chapter 6

Mobilization Army National Guard of the United States and United States Army Reserve

6–1. Identifying and reporting

Mobilization occurs when there is a national emergency declared by the president or Congress. ARNGUS and USAR absentees in the following categories who fail to report to AD on mobilization must be identified and reported:

- a. Selected Reserve. This includes—
 - (1) USAR troop program unit (TPU) Soldiers.
 - (2) ARNG unit personnel.
 - (3) ARNGUS and USAR personnel serving on AGR status.
 - (4) Individual Mobilization Augmentee (IMA).
- b. Inactive National Guard (ING).
- c. IRR.
- d. Standby Reserve.
- e. Retired Reserve.
- f. U.S Army (USA) Retired List (Regular Army retirees). Army of the United States (AUS) Retired List (AUS retirees).

6-2. Desertion

a. Army policy during mobilization is to access as ASNJ and identify all ARNGUS and USAR personnel who fail to report on their established reporting date after “no-show” status has been confirmed.

(1) The gaining unit or organization commander establishes reporting dates for selected USAR personnel after receipt of appropriate orders to mobilize.

(2) HRC–St. Louis and HQDA (DAPE–ZXO), establish and specify reporting dates for IRR, Standby USAR, Retired USAR, USA retired, and AUS retired personnel in their individual mobilization orders.

b. The objective is to initiate apprehension action and terminate mobilization absences without delay.

(1) The ARNGUS and USAR absentees are accessed as ASNJ to the Active Army on their established reporting date. If “no-show” status is confirmed, the gaining unit commander for Selected Reserve Personnel, or the commander, Human Resource Command (HRC)– St. Louis, for other than Selected Reserve, will determine whether the absentee knew of or received his/her mobilization orders. If the absentee knew of or received his/her mobilization orders and did not report as scheduled, the absentee will be reported AWOL effective on the established reporting date. Examples of evidence of knowledge or receipt include:

(a) A return receipt from certified mail that appears to bear the mark or signature of the absentee indicating that the absentee received a copy of his or her mobilization order.

(b) A written confirmation of a telephonic conversation between a representative of the Army and the absentee. The substance of the conversation should have covered the absentee’s mobilization orders and required reporting date.

(c) Other written or verbal conversations, which, based on the totality of the circumstances, are determined to provide sufficient evidence that the absentee knew of his or her mobilization orders and required reporting date. The gaining unit commander or the Commander, HRC–St. Louis, may make such a determination after consulting with their legal advisor.

(2) The ARNGUS and USAR personnel are reported as deserters when the gaining unit commander, for Selected Reserve Personnel, or the Commander, HRC–St. Louis, for other than Selected Reserve, determines that the absentee knew of or received his or her mobilization orders and the personnel did not report for AD during the 30 days following their established reporting date.

(3) When the Commander, HRC–St. Louis cannot make a determination whether the IRR Soldier knew of or received their mobilization orders, they may initiate administrative separation actions from the date of such determination but not less than 12 months from the original report date of the mobilization orders.

c. The ARNGUS and USAR personnel who are absent without proper authority after reporting for AD are processed per chapters 2 through 5 of this regulation, unless otherwise stated.

6-3. Direct reporting

a. During mobilization, accessioning feedback reports (TAG 113 Report) are prepared by CG, Human Resources Command and sent after each enlisted and officer master files update to Commander, HRC–St. Louis, ATTN: DARP–MOP–P, 1 Reserve Way, St. Louis, MO 63132–5200, and Commander, USAEREC. These reports enable CG, HRC–St. Louis to determine nonunit personnel who have not reported for AD by matching accessions with mobilization orders issued by HRC–St. Louis.

b. After “no-shows” have been identified, HRC–St. Louis—

(1) Initiates AWOL or desertion actions as outlined in this chapter.

(2) Ensures that non unit personnel no-shows are assessed as ASNJ to the Active Army through a special unit identification code (UIC) at HRC–St. Louis so that procedures in paragraph 6-2b can be initiated.

c. For Presidential Selected Reserve Call-up pursuant to Title 10, U.S. Code, Section 12304, the TAG 113 Report is prepared by CG, Human Resources Command and provided to the CG, HRC–St. Louis. This report reflects ARNGUS and USAR absentees who have been attached to the Active Army data base. However, only selected Reserve personnel are mobilized under this authority.

d. Commanders of ARNGUS, USAR TPU, and AGR personnel identify and report absentees and forward DFR documents directly to Commander, PCF Fort Knox. (See para 6-6b for documents and timeframes for submission.) The gaining unit or organization commander ensures that no-show unit personnel are accessed as ASNJ so that AWOL and desertion transactions can be processed.

e. Commanders receiving IMA identify and report IMA absentees. The original DFR documents are sent to Commander, Fort Knox Personnel Control Facility. Commanders also forward a copy of the DFR documents to the HRC–St. Louis–USADIP Extension Office, which forwards the deserter’s personnel records along with the DFR documents to Commander, Fort Knox Personnel Control Facility. (See para 6-6c below for documents and timeframes for submission.) The gaining unit or organization commander ensures that absent IMA personnel are initially accessed as ASNJ so that AWOL and desertion transactions can be processed.

6-4. Absent without leave and desertion status

This policy is applicable during Presidential Selected Reserve Call-up pursuant to 10 USC 12304.

a. *Selected Reserve personnel.* All personnel are assigned to the Active Army as of their established reporting date.

Personnel who fail to report are accessed as ASNJ. When the unit commander determines that the personnel have received or know of the mobilization order, the unit commander changes their status to AWOL effected the date of the original mobilization order. If after 30 days absentees who have not reported as ordered, are reported as deserters for apprehension purposes. Assignment, AWOL, and DFR transactions are submitted by the unit or organization commander for unit personnel.

b. Other than selected Reserve personnel. The commander, HRC–St. Louis identifies Individual Ready, Standby, Inactive National Guard, and Retired Reserve personnel, and Regular Army, and AUS retirees who have been ordered to AD but did not report to mobilization station. The CG, Human Resources Command accession feedback information are used to identify the absentees. After it has been determined that personnel are a no show, they are attached to a special UIC at HRC–St. Louis as ASNJ as of their established reporting date so that procedures in paragraph 6–2*b* can be initiated.

c. Selected Reserve. Only selected Reserve Soldiers are authorized to be called to AD under Presidential Selected Reserve Call–up pursuant to 10 USC 12304.

6–5. Documentation

a. Individual Ready, Standby, and Retired Reserve Soldiers, Regular Army, and AUS retirees. The HRC–St. Louis–U.S. Army Deserter Information Point (USADIP) Extension office prepares DD Form 553, DD Form 458, and DA Form 4187. The forms, with a copy of the mobilization order, are sent to Commander, U.S. Army Personnel Control Facility, Chief, Deserter Information Point, ATTN: ATZK–PMF–D, Fort Knox, Kentucky 40121 after sworn charges have been made on DD Form 458 by an officer exercising summary court–martial jurisdiction over the command. These documents must be forwarded no later than 72 hours after determination of desertion status. The remaining documents in the dropped from the rolls (DFR) packet are prepared by the HRC–St. Louis–USADIP Extension Office and forwarded to Chief, USADIP as soon as possible, but no later than the 30th day after having been reported as a deserter by the appropriate commander.

b. Selected Reserve absentees. The unit or organization commander prepares DD Form 553, DD Form 458, and DA Form 4187 and forwards them to Commander, Personnel Control Facility Fort Knox after sworn charges have been made on DD Form 458 by an officer exercising summary court–martial jurisdiction over the command. These documents are forwarded no later than 72 hours after determination of desertion status. The remaining documents in the DFR packet are prepared by the unit or organization and sent to Chief, USADIP as soon as possible, but no later than the 30th day after having been reported as a deserter by the appropriate commander.

c. Individual Mobilization Augmentee. The unit commander prepares DD Form 553, DD Form 458, and DA Form 4187. These documents are sent to Commander, Fort Knox Personnel Control Facility with a copy of the mobilization order. Copies of these documents are also forwarded to Commander, HRC–St. Louis, ATTN: HRC–St. Louis–USADIP Extension Office. The documents are forwarded no later than 72 hours after determination of desertion status but not before sworn charges have been made on the DD Form 458 by an officer exercising summary court–martial jurisdiction over the command. The remaining documents in the DFR packet are prepared by the HRC–St. Louis–USADIP Extension Office and sent to Chief, USADIP as soon as possible, but no later than the 30th day after having been reported as a deserter by the appropriate commander.

6–6. Return to military control

a. When a deserter is returned to military control, DD Form 616 and DA Form 4187 are immediately forwarded to Commander, Fort Knox Personnel Control Facility to stop apprehension actions.

b. Deserters returned to military control are sent to the nearest Army installation for appropriate administrative or judicial action. Personnel without adjudged sentences to confinement are to be assigned to a unit at the installation or made available for assignment according to mobilization personnel priorities and procedures.

c. The office managing the returnee’s case queries Chief, USADIP, for the DFR packet or location of information to document the absence and RMC.

d. Military assistance is given to absentees or deserters who are without funds in foreign countries. Military MAAG, mission, or attaches may provide meal tickets and travel for absentees and deserters who are without funds in order to return them to military control. Transportation must be adequate to ensure control of the absentee or deserter and the quickest and most economical means available. Absentees and deserters should be encouraged to return voluntarily to the nearest U.S. military installation. The following guidance is for reference:

(1) Authority for furnishing transportation requests to absentees and/or deserters in this category is in the joint travel regulation (JTR). A DD Form 460 may be issued.

(2) Transportation and meal ticket costs are charged to the absentee or deserter per DFAS–IN 37 series.

(3) Transportation documents and DD Form 139 (Pay Adjustment Authorization) with information about individual absentees or deserters are sent by the issuing officer to Commander, U.S. Army Finance and Accounting Center, ATTN: Department 20, Indianapolis, IN 46249.

Chapter 7 Surrender to Civilian Law Enforcement Officials

7-1. Overview

- a. This chapter establishes procedures and policies for the surrender of military personnel to civilian authorities.
- b. It is the policy of the DA to cooperate with civilian authorities unless the best interests of the Army will be prejudiced. Commanders assist in the expeditious delivery of a Soldier to civilian authorities when legally sufficient documentation is provided. Examples of documents include an indictment, warrant for arrest, contempt order, show cause order, or court order for the Soldier with sufficient information to identify the Soldier.
- c. It is contrary to the general policy of DA to reassign a Soldier merely to make him or her available for apprehension or prosecution by civilian authorities. Exceptions to this policy are submitted to HQDA (DAPE-MP), Washington, DC 20310-0330.
- d. Surrender of Soldiers to foreign civilian law enforcement officials is effected in accordance with AR 27-50, international agreements (such as applicable treaties or Status of Forces Agreements), and local directives.

7-2. Continental United States

- a. There is no statutory authority for a commander to deliver a Soldier to bail bondsman or their surety. The surety must coordinate with the installation Staff Judge Advocate and the commander of the Soldier prior to attempting to apprehend the Soldier. To preserve peace and order on the installation, military police will be notified by the Soldier's commander and accompany the surety to observe the surety's taking custody of the Soldier.
- b. On approval of the request to surrender a Soldier by the court-martial convening authority or designee, the Soldier remains assigned to the parent unit.
- c. CG, Human Resources Command, CG, HRC-St. Louis, and C, NGB, as appropriate, must be notified of the surrender of the Soldier.
- d. Soldiers assigned in Alaska and Hawaii are processed in the same manner as CONUS Soldiers.

7-3. Outside continental United States

- a. Requests for return and surrender of Soldiers assigned OCONUS are referred to the Soldier's special court-martial convening authority for a decision. Approved requests are processed per this regulation and AR 190-9. Requests for ARNGUS and USAR personnel are referred to C, NGB, ATTN: NGB-ARP, Washington, D.C. 20310-5000 and CG, HRC-St. Louis, ATTN: DARP-AR, St. Louis, MO 63132-5200, as appropriate.
 - (1) Human Resources Command—
 - (a) Coordinates and approves attachment, when necessary, of the Soldier to an Army installation near the point of debarkation. A PCF is used when possible.
 - (b) Notifies the personnel command, (for example, Commander, 1st Human Resources Command, 8th Human Resources Command) special court martial convening authority, and Chief, Operations Division, Office of the Provost Marshal General where the Soldier will be attached pending civilian court proceeding.
 - (c) Authorizes attachment of the Soldier to an Army installation nearest the requesting state where the Soldier is extradited, waives extradition, or is to have a hearing in a State other than the point of debarkation.
 - (2) The Special court-martial convening authority—
 - (a) Directs unit and appropriate supporting staff (staff judge advocate, provost marshal, and transportation) to assist in the expeditious return of the Soldier to a debarkation point in CONUS at Government expense.
 - (b) Notifies the personnel command and CG, Human Resources Command (AHRC-EPO-C for enlisted Soldiers and appropriate career branch for officer personnel) of the request for the return of the Soldier.
 - (c) On approval of the request for return of the Soldier, notifies CG, HRC of the flight arrangements for the Soldier. Notification must allow sufficient opportunity to complete coordination with Chief, Operations Division, Office of the Provost Marshal General and civilian authorities as appropriate.
 - (3) The battalion commander or first field grade officer in the Soldier's chain of command—
 - (a) Initiates flagging action of the Soldier per AR 600-8-2, if appropriate.
 - (b) Requests TDY orders for the Soldier using the 440 format from the PSC. Approximate number of TDY days will be indefinite and no per diem will be authorized unless permitted under, JTR, volume 1.
 - (c) Requests travel for the Soldier on Military Airlift Command aircraft or Military Airlift Command charter or military prisoner flight.
 - (d) Notifies the installation provost marshal of the flight arrangements for the Soldier.
 - (e) Provides an escort for the Soldier to the point of embarkation when necessary. The escort remains with the Soldier until he or she boards the aircraft and identifies the Soldier to the flight attendant personnel. The escort also informs the flight attendant that the Soldier will be met at the point of debarkation and remains at the embarkation point until the aircraft departs.
 - (f) Provides an escort for the Soldier from the unit to the point of embarkation only after a careful and thorough

evaluation of the Soldier's temperament and the nature of the civilian charges. Escort personnel utilize the same fund cite as the Soldier being returned to CONUS.

(g) Notifies the special court-martial convening authority on the scheduled return of the Soldier to CONUS and escort arrangements as appropriate.

b. The cost of transporting the Soldier from the point of debarkation to the locality in which the civil proceedings are to be conducted is to be paid by the law enforcement agency or civilian court requesting the surrender of the Soldier.

c. Expenses chargeable to the Soldier in some cases are as follows:

(1) Cost of transportation and meal tickets issued per DFAS-IN 37 series.

(2) Cost of subsistence furnished an officer returnee entitled to and receiving basic allowances for subsistence.

d. Collection for expenses chargeable to the Soldier's pay account are made on DA Form 7003 (Payment Authorization (JUMPS)) when the Soldier is returned to a pay status.

7-4. Civilian proceedings

a. *Bond.* As part of the surrender process, the unit commander provides the Soldier a written letter of instruction (see fig 7-1). If the terms of the bond preclude the Soldier from leaving the jurisdiction of the court, the appropriate commander requests instructions from CG, Human Resources Command; CG, HRC-St. Louis; or C, NGB (NGB-ARP), as appropriate. Chief, National Guard Bureau is contacted for AGR members. No assurances or guarantees will be made to civilian authorities that the Army will or can guarantee the presence of a Soldier for trial.

b. *Disposition of charges.*

(1) *Acquittal.* Civilian authorities will be requested to assist Soldiers in meeting the requirements stated in the letter of instruction.

(2) *Conviction.* In the event of conviction, appropriate notification is made to the CG, Human Resources Command; CG, HRC-St. Louis or Chief, National Guard Bureau (NGB-ARP). CG, Human Resources Command notifies the special court-martial convening authority of the conviction and requests that separation action be initiated per AR 600-8-24 or AR 635-200.
